(Per month prices. Additional provisioning cost of \$120. All prices exclude GST)

These packages are based on fibre to the node and fibre to the premises being available

Included in these packages:

- Pre-configuration of modem purchased

We also have a great range of extra NBN services available to you (not included in packages):

- Modem/router
- Onsite (time to set up)
- 4G failover - have peace of mind with this back up internet connection so even if the NBN goes down, you won't

Call us on 4934 4966 and chat to one of our friendly, local I.T. Specialists today.
